"The Healer must understand the emotional and mental fabric of the client and attempt to do the healing on the Soul level rather than merely to the physical plane. If there is a heart to heart connection on the Soul level between the healer and the client, then the client will usually make a major change in his or her lifestyle, rather than only expect a physical cure." – Dr Mikio Sankey

Workshop includes:

- Give & receive full treatment, hands-on Practice of New Encoded Patterns
- Learn treatment protocols Tiers of Density 4 & 5
- Revisit the Encoded Patterns & protocols of Tiers of Density 1, 2 & 3
- Grid Building, Practice Building, Marketing, Being of Service & Resources
- Reinforce your own Internal Light and the Light Grids of your clientele, family and loved ones
